LEBANON AREA RADIO CONTROL - JULY 2017
WWW.LEBANONAREARC.ORG & WWW.FACEBOOK/LEBANONAREARADIOCONTROL

Presidents Message

Hope everyone had a wonderful 4th of July celebration, I know I did by spending it at the airfield with friends ripping through the sky under the hood of my fpv goggles trying to catch up to Loran. If you have not been out to the field recently you may wonder what the large gravel filled boxes are at the south end of the runway, these are our future helipads. The helipads are just about finished. All we need is for the gravel to

be compacted and the boxes covered with runway material for the final check off. A big thank you to all those who helped out on this project and a special Thanks to Greig for allowing us the use of his tractor. August is quickly approaching which means our swap meet planned for August 5th will be here before you know it. We have made a few changes to the swap meet due to the lack of interest. We have decided to hold it at our field instead of Santiam Place and make it an open house fun fly along with a BBQ. This will be an "Open House Event" which will be open to anyone who wishes to participate in or

has an interest in our swap and shop fun fly. We have also decided to make this a free event to sellers and spectators in order draw more people in and show off what we have worked so hard to build. Please join us at this months meeting this Thursday at the flying field to discuss any concerns or ideas to help make this an awesome day and an update on Eldon's Estate sale. Hope to see you all this Thursday 7/13/17 6pm LARC Meadow.

Regards

Sean Meiner - President

Meeting Minutes - 6/8/17

The meeting was attended by: Larry Baker, Allen and Craig Benjamin, Eric Freeman, John Frenzel, Lorrann Hall, Brian King, Sean Meiner, Gary Solis and Greig Todd.

Treasurer Report: \$611.88 in checking; \$100.20 in savings.

Minutes of May meeting approved as printed in the June news letter.

Guests Introduction: Woody McFarland.

Field Report: Greig reported that everything is cleaned and mowed. The city have been mowing there part.

Old Business: There will be a work party on June 24th to install the drone pads and to possible do some repair on the runway with the sealer that Chris has provided. It was suggested to remove the old sealer before using the new. There was also discussion about drone safety when flying. The swap meet will be on Aug. 5th from 8 till 2

New Business: Loran Koch found a couple of people taking items from the transfer station. The police were notified and responded. There was nothing they could do except warn them because Republic refused to press charges saying

it was only stuff that people had thrown away.

Show-n-tell: Gary had an assortment of items that he is trying to sell from a friend of his. Craig showed a Turnigy I-10 transmitter that he bought at the Cresswell swap meet. Sean also picked up a good deal at the same meet, a detect x380 drone and transmitter.

Next meeting: July 13 at the Field weather permitting.
